

Ollscoil Mhá Nuad Maynooth University

Department of Chemistry University Tutor (Permanent)

The Role

Maynooth University is committed to a strategy in which the primary University goals of excellent research and scholarship and outstanding education are interlinked and equally valued.

The University Tutor plays an important role in the delivery of many of the University's academic programmes and is appointed for the primary purpose of contributing to teaching within a clear and established teaching programme by providing tuition and/or demonstrations to groups of, usually undergraduate students, in specific aspects of the programme. The University Tutor assists and supports students to further develop their understanding of key course topics and to draw out key learning points from course materials.

Principal Duties

The University Tutor will be required to undertake to the satisfaction of the designated Head of School, such duties as may be specified by the University within the number of hours of contracted work.

Administrative and other duties:

This will include:

- To teach students, including seminars, tutorials, workshop, selected lectures and to provide undergraduate laboratory supervision as required.
- To carry out all necessary preparation on topics in order to be able to guide discussion, impart knowledge and answer queries arising from students, set exercises or learning materials.
- To supervise, assist, liaise with students about any issues related to modules and give guidance to students, where required.
- To contribute to marking, under supervision, of coursework, written examination and other forms of assessment.
- To monitor student progress and provide feedback to students, highlighting to the course or module co-ordinator any concerns about student performance.

- To attend departmental meetings and liaise with other staff in the development of alternative teaching and learning strategies, including the design and delivery of modules or designated teaching within the subject area.
- Ensure that all health and safety procedures are followed, taking action to maintain a safe environment and raising any concerns with the Head of Department (or his or her nominee).
- To ensure appropriate course/programme administration and handling of data is carried out in a timely manner and is GDPR compliant.
- To contribute and coordinate the Departmental outreach activities.

The duties and responsibilities outlined have been listed as general and standard requirements. Additions or amendments may therefore be made to reflect the specific requirements of the Department.

The ideal candidate will have:

Essential

- A minimum of an honours degree in a relevant discipline as well as relevant postgraduate qualifications;
- Experience of, and commitment to, working in an interdisciplinary setting;
- Good teaching, administrative, organisational, teamwork and communication skills;
- Experience in developing instructional material and employing teaching technology and media;
- The pedagogical skills necessary to teach mixed-ability groups;
- Experience in designing, conducting and grading written assessments;
- The ability to contribute to the assurance and enhancement of teaching quality.

Desirable

- Teaching experience in the Irish higher education sector;
- Ability to engage in curriculum development;
- A higher degree up to and including PhD level in a relevant area.

Faculty and Research Institutes

The Faculty of Science and Engineering comprises the Departments of Chemistry, Biology, Experimental Physics, Computer Science, Electronic Engineering, Mathematics and Statistics, Psychology and Theoretical Physics. The role of the Faculty is to co-ordinate the academic activities of individual departments, to oversee the strategic development of departments and to support interdepartmental programmes. The University has also developed a number of interdisciplinary institutes to support excellent research and to build research capacity across disciplines.

Department

The Department of Chemistry provides teaching in multiple degree programmes to over 700 students enrolled on undergraduate and postgraduate degree programmes. The Department of Chemistry offers well-established BSc Honours degree programmes in Chemistry, Pharmaceutical and Biomedical Chemistry and Science Education in a vibrant learning environment. It has a strong record of PhD student supervision and current research strengths include synthesis of small molecule therapeutics and diagnostics. The Department was awarded an Athena SWAN Bronze Award in 2021 and has a strong commitment to promoting gender equality.

More detailed information on research activity in the Department of Chemistry can be found at <https://www.maynoothuniversity.ie/chemistry>

The University

Maynooth University is a very distinctive university, a collegial institution focused on science and engineering, humanities, and social sciences, and equally committed to research, teaching and community engagement. Located in Ireland's only university town, its distinctive features and character owe much to its unique history and heritage. It provides a high-quality educational experience to over 15,000 students on a campus with 18th century roots and 21st century dynamism.

The strategic trajectory and accomplishments of Maynooth University, in the 25 years since its establishment as an autonomous public university, are exceptional, and a source of great pride to the university community, staff, students and alumni. Maynooth University in 2024 ranked in the top 90 global Times Higher Education (THE) Young University rankings, placing 86th in the world. Maynooth University's growing global reputation is based on the originality, quality, importance and impact of its research and scholarship, commitment to teaching and learning, the quality of academic programmes, and its leadership in widening participation in higher education. The sources of success are the dedication of its staff and the energy and engagement of its students..

Maynooth University is a place of lively contrasts – a modern institution, dynamic, rapidly-growing, research-led and engaged, yet grounded in historic academic strengths and scholarly traditions. With over 15,000 students Maynooth offers a range of programmes at undergraduate, postgraduate and doctoral level in the humanities, science and engineering and social sciences, including business, law and education. The University also offers a range of international programmes and partnerships.

Maynooth's unique collegial culture fosters an interdisciplinary approach to research, which its world-class academics bring to bear in tackling some of the most fundamental challenges facing society today. The University's research institutes and centres consolidate and deliver this impact as vibrant communities of learning, discovery and creation. Research at Maynooth also is very much central to its teaching and the University prides itself on placing equal value on its research and teaching missions.

Maynooth University's Values

Our values define who we are, what we believe in and how we act as a community. They underpin our future success and guide our expectations of ourselves and each other. Our values apply to everyone in the University community:

- Integrity
- Collegiality
- Responsibility
- Freedom of expression
- Ambition

Maynooth University Strategic Plan 2023 – 2028

The University's Strategic Plan 2023 - 2028 builds on our rich academic history and strong foundations to set out an ambitious and forward-looking path for the future of our University. This roadmap underscores our commitment to adapt to a changing world while staying true to our values.

Our vision is to be a university of excellence, opportunity and impact, having a significant stake in all three.
