

Applications are invited from suitably qualified candidates for the following position

**Professor in Accounting
DCU Business School
Permanent Contract**

Dublin City University

Dublin City University is a leading innovative European University with a mission to 'transform lives and societies'. DCU ranks as one of the world's Top 350 Universities, *Times Higher Education*, and is proud to be Ireland's No. 1 Young University. The University is known for the 'transformative student experience' it offers, and is also recognised for its impact in addressing global challenges in collaboration with national and international stakeholders.

Overview of the department

DCU Business School is a young, vibrant, industry focused, research-intensive business school that holds the prestigious triple-accreditation (EQUIS, AACSB, AMBA) and the Small Business Charter (CABS). The School's success is underpinned by our core strengths:

- Degree programmes that develop 'work-ready' graduates for the global marketplace.
- Internationally recognised faculty whose research has strong academic and industry impact.
- Extensive collaborations with the local and internationally oriented business eco-system.
- A collegial culture, with faculty and staff (17 nationalities) who are committed to supporting our students and stakeholders.

The School has over 4,100 students representing 81 nationalities across bachelors, masters and research programmes. Our students experience an applied and internationally oriented education, and we are committed to further developing Challenge Based Learning across our programmes. Our Executive Education unit offers bespoke education and training to industry partners. The School recently launched the DCU Institute for Business and Society, to further develop our international reputation for engaged research on trustworthy, innovative, and sustainable practices in business and society.

Further information concerning DCU Business School is provided in the Information Pack for Candidates available [here](#).

Role Profile

The successful individual will be a member of the Financial and Operational Performance Group in DCU Business School. They will conduct high quality research and teaching in Accounting (i.e. financial accounting/reporting, management accounting, auditing, taxation, sustainable accounting, accounting analytics/technologies) and will also participate in the School's external engagement activities. Further, the successful individual is expected to contribute to: the leadership of strategic initiatives in the discipline and School; programme management; research funding initiatives and supervision; and the service and engagement activities of the School and University.

Duties and Responsibilities

The duties and responsibilities of the position include, but are not restricted to, the following:

Teaching and Learning

To contribute to the leadership of teaching and learning activity in DCU Business School by:

- Designing and delivering accounting modules in a manner consistent with the highest academic standards
- Using a wide range of teaching and assessment methodologies which foster a deep approach to learning, and which equip students with the skills and attributes needed to be lifelong learners
- Leading the design and development of new accounting modules and accounting programmes and working proactively and collaboratively to enhance existing modules and programmes
- Enriching the scholarship of teaching within the accounting discipline and School
- Supporting new lecturers and supervising part-time lecturers
- Contributing to the teaching activities of the School's Centre for Executive and International Education.

Research and Scholarship

To contribute to the leadership of research activity of DCU Business School by:

- Publishing new ideas and findings in top tier, international, peer-reviewed accounting journals.
- Achieving measurable research impact via citations and other means.
- Leading the dissemination of research via the hosting of research conferences, seminars etc.
- Enhancing the reputation of the School in the international accounting research community via conference presentations, journal editorships, external examining, etc.
- Translating academic research into insights for the world of practice (accounting profession, accountants in industry/public or voluntary sector, business community, executive education etc).
- Seeking funds from external agencies and/or organisations to support personal and School research initiatives.
- Developing and leveraging national and international research networks to enrich the research activity of the School.
- Attracting and supervising high-calibre postgraduate research students in accounting and contributing to the School's PhD supervision process.
- Enriching the research culture and environment in the School.

Service and Contribution to the University and Society

To contribute to the management and administration of the School by:

- Delivering assigned leadership, management and service roles in the School to a high standard.
- Contributing proactively to relevant School and University committees, working groups and meetings.
- Enhancing the reputation and impact of DCU Business School through leadership and engagement in external academic, business, professional, public sector and community activities (approved by the Executive Dean, where appropriate).

Leadership

To contribute to the leadership of the School by:

- Leading and participating in strategic initiatives within the discipline and School.

- Fostering a culture of teaching innovation within the discipline and School.
- Contributing to the leadership of collaborative and interdisciplinary research within the discipline and School.
- Providing teaching and research mentorship to early career academics.
- Leadership of, and/or participation in, programme/discipline and School accreditation activities.
- Leading and participating in School marketing, alumni and stakeholder relationship activities, for example, programme promotion events, INTRA (work placement) visits, events with partner universities etc.

Qualifications and Experience

Academic Qualifications:

- Candidates must have a PhD or equivalent (NFQ Level 10) in Accounting, or a closely related field, from an accredited institution.

Research Excellence:

- Proven excellent track record of high-quality research outputs, particularly publications in top tier, international, peer-reviewed accounting journals.
- A current pipeline of research projects expected to lead to publications in top tier, international journals.
- Demonstrated leadership capability in research, with evidence of shaping and driving research agendas, and the capacity to lead and mentor junior faculty.
- A track record in supervising Ph.D. students or other research teams.

Teaching Experience and Excellence:

- Depth and breadth of teaching experience in higher education, specifically in accounting subjects (including advanced technical, professional subject matter and advanced research-led subject matter).
- A proven track record of excellence in teaching, with evidence of the ability to inspire students and foster an engaging learning environment.
- Evidence of leading teaching and learning innovations, including the use of technology, new pedagogical approaches, or curriculum development in accounting education.

External Engagement:

- Experience in effective external engagement with the accounting profession and/or the business community, such as partnerships, consultancy, or collaboration with industry bodies.

Interpersonal and Communication Skills:

- Excellent interpersonal and communication skills suitable for high-quality teaching, research collaboration, leadership and management responsibilities, and external engagement.
- Evidence of successful teamwork and a collegial approach in an academic environment.

Leadership Attributes:

- Clear leadership attributes and skills that will contribute to the development and execution of the School's strategy and the enrichment of the School's national and international reputation.
- Demonstrated ability to inspire and motivate colleagues, particularly in academic activities, research, and school initiatives.

Desirable

Professional Qualifications and Experience:

- A professional accounting qualification (e.g., ACA, CIMA, CPA, etc.) is highly desirable.
- Relevant professional or industry experience in accounting or related fields.

International Research Networks:

- Active participation in international accounting research networks and established collaborations with researchers across various institutions globally.

Research Funding:

- A track record of securing research funding from external sources, including government grants or industry collaborations.

Contributions to the Accounting Profession:

- A track record of engagement with the accounting profession (professional bodies, professional services firms, etc), either through consulting, professional development, advisory roles, or contributions to policy debates or industry standards.

National and International Impact:

- Demonstrated impact in academic, professional, business and other communities through research, publications, and engagement.

Experience in Strategic Initiatives and Development:

- A track record of contributing to the development and execution of strategy in an academic environment and evidence of capabilities to lead strategic initiatives.

Experience in Programme Leadership:

- Experience leading academic programmes or teaching teams, contributing to the strategic direction of the department or institution.

Global and Cross-Cultural Experience:

- Experience working in international or cross-cultural settings, enhancing the global reach and influence of research and teaching.

Essential Training

The postholder will be required to undertake the following essential compliance training:

- Orientation
- Health & Safety
- Data Protection (GDPR)
- Cyber Security Awareness
- AI Literacy

Other training may need to be undertaken when required.

Salary Scale:

Professor - €105,561 - €141,093

Appointment will be commensurate with qualifications and experience and in line with current Government pay policy

Closing date: *Saturday, 25th April 2026*

Remote Working Policy

DCU operates a Remote Working Policy. Employees may be approved for up to 2 days of remote working per week (or an appropriate pro-rata amount for those part time). Any remote working arrangement will be reflective of the predominant on-campus working environment and the core University value of 'Student Focused'.

Employees will be based on campus for the majority of their working week to ensure a sustained on campus engagement and experience. The terms of the [remote working policy](#) will apply.
